

ZONE 2 – CENTER OF PROJECT AREA

Planned Improvements – Refer to Zone 2 Map

SUNNYSIDE ROAD: 84TH AVE AND 93RD AVE

- › Add lighting on pathway from Sunnyside Rd into Clackamas Town Center parking area on west side of mall
- › Remove one travel lane in the eastbound direction; modify lane configuration and median
- › Provide signal improvements, including flashing yellow arrow for left turns at signalized intersections
- › Construct a 14-foot wide cycle track for pedestrians and cyclists on the south side of Sunnyside Rd between 84th Ave and 93rd Ave
- › Construct a new pedestrian connection into Clackamas Promenade's eastern access drive from the crosswalk on Sunnyside Rd at about the 9000 block (Petco)
- › Remove overgrown vegetation on north side of Sunnyside Rd and provide landscape beautification and lighting as needed
- › Remove the slip-lane from I-205 into the Clackamas Town Center to improve access and internal circulation
- › Paint bike lanes green in vehicle lane transition areas

* Upgrade intersections in Zone 2 to meet ADA requirements
